## 2020 Employee Engagement Survey

**Nov. 2-13**

### **All METUS Employees,**

We had great participation in our 2019 Engagement Survey and a high engagement rating. The survey provided us with information on our strengths as an organization as well as areas of opportunities. As a result, our cross-functional improvement teams have spent this year working on the areas of Communication, Growth and Development, and our Performance Management System. It is time for our next survey, and we are counting on your ideas and suggestions on how we become more effective and continue to build on our current level of success. Please see below to download the Employee FAQ document to learn more about what engagement is and the upcoming 2020 survey.
